Setting the Record Straight

Rebuttal to the attack by John Watson on Spiritual Teacher and Master

Healer Dr. Devra Patton West, "Surya Ma"

The truth is absolute. Be informed. Do not be misled.

Our track record is impeccable. Individually and professionally our career records are impeccable. We are proud to be medical doctors who have devoted our lives to serving people. As a group of medical doctors who are grateful for the profound training we have received from Dr. West, we will not stand for this vile campaign of slander against a person of her extraordinary abilities and dedication to the highest standards. Devra West's supporters include revered doctors, PhD's and professionals of the highest caliber. We stand on the ground of our personal accomplishments. We stand united in our demand to put a stop to this vicious attack! All legal measures are now in action.

- John Watson has spent the past two years obsessed with conducting a vile attack on Master Teacher Devra West in a misguided attempt to extort money from her, damage her reputation and manipulate the legal system.
- This attack is nothing short of a repeat of the atrocities perpetrated against strong women and healers in past ages.
- John Watson has no other intention than to destroy us to appease his own lack of personal substance that moves from the fantasy that he has something of value to offer people.
- As a consultant with a mere six month tenure in an organization with a 12 year history, he sought to take control of the church's landholdings and assets, violating all ethics commonly associated with the consultancy profession.
- He behaved in an utterly manic manner from day one, and therefore anything that he claims should be considered as coming from a severely imbalanced framework of perception.
- He is waging a personal vendetta against one of the most illumined teachers on the planet

in order to justify his own sick mind.

- He has created numerous web sites using our domain names, Dr. West's name and picture to spread deceit to an unsuspecting public in order to give the impression of multiple complaints.
- He has lied profusely to damage our credibility with our business associates.
- He has intimidated innocent people who interview for employment or who currently work for us.
- He has threatened people to get them to collude with him.
- He has stolen documents and put forth false testimony.
- He has asserted that our organization is defunct, despite knowing full well that this is false.
- He has orchestrated a malevolent web of lies, deceptions, and smokescreens.
- He has prevented very ill people from receiving healing from Dr. West by frightening them with lies and distortions.

The purpose of this letter is to tell the truth and to set the record straight!

TRUTH:

- John Watson has trampled on our very right to exist in a complete disregard of our mission statement and assigned purpose to support, serve, and finance Dr. Devra Patton West, her teachings and her humanitarian projects.
- John Watson attacks Reverend West and her church, Sacred Archives Institute, completely redefining it to fit a corporate ideology wherein shareholders invest for personal gain, when in fact any and all donations are allocated to further the mission statement of the organization.

Allegation: John Watson disparages as unfounded Dr. West's accomplishments and humanitarian endeavors

TRUTH:

- Dr. Devra West is a modern prolific illumined thinker, visionary, healer and Master Teacher, who has devoted her life to the betterment of mankind.
- She has written volumes and taught tens of thousands of students around the world
- She donated her entire wherewithal of personal resource for over twelve years to humanitarian efforts worldwide.
- She is the sole creative genius behind the Sacred Arts Institute, the Global

Guardianship Initiative, Millenia Mind, the Peace Promise Initiative and the Devra Patton West Foundation.

Allegation: John Watson falsely accuses Dr. West of misappropriation of funds

in the transfer of NaKa'Shela Retreat Center to Dr. West

TRUTH:

- The Sacred Archives Institute Board of directors legally transferred the Naka'Shela Retreat Center to Dr. West in July, 2004, seven months after she resigned personally from the Board of Directors. This transfer was done in an entirely impeccable and legal manner which was approved by the Attorney General of the State of Montana.
- Dr. West has steadfastly carried the burden of repaying debt for our retreat center, has single handedly prevented imminent foreclosure, and remains the true guardian of Naka'Shela Retreat Center since its inception.
- Although many people made public promises of support and agreed to contribute donations, most declined to follow through on these promises.
- Many donors were adversely affected by the lies and false claims put forth by John Watson.
- The SAI Board acknowledged after Dr. West left the Board, that long overdue debts needed to be brought into account.
- We willingly transferred the property to her, acknowledging that the transfer of the

Naka'Shela Retreat Center only partially addressed the imbalance between Dr. West and SAI.

Allegation: John Watson disparages and denies the extensive contributions made by Dr. West to deserving communities and organizations throughout the world.
